Frontend developer

## ABOUT ME - MOTIVES

*I'm interested in coding and developing websites and apps that help people and make their life easier. I also love the fact that I can participate in the development of this modern era we are living in, so I always try my best to achieve the best possible results no matter how big or small the project is.*

## Personal Traits / Soft Skills

I am ...

- capable of maintaining a friendly atmosphere while respecting teammates and colleagues
- open to suggestions and criticism that helps me to improve myself and my profession
- a real competitor. I try my best to keep up with others but the main goal is compete with my older versions

## Hobbies

Coding, Listening to music, Watching movies,  
Reading about technology

## My Projects

- CryptoPrice App with price chart and watchlist  
<https://crypto-watcher-amir-sh.vercel.app>
- Pomofocus web clone with task feature  
<https://pomofocus-amir-sh.vercel.app>
- Plant shop with user authentication and cart  
<https://plant-shop-amir-sh.vercel.app>

## Education

I am a computer engineering student at IAU –  
Islamshahr Azad University. studying to further expand  
my knowledge
